

3M™ DISC SANDERS AND DIE GRINDERS

The latest pneumatic 3M Disc Sanders and Die Grinders have been completely re-engineered to work even better with Scotch-Brite™ and Cubitron™ II abrasives. On the outside, a stronger, all-steel head gives you more control during use. On the inside, larger gear sets, spindle bearings and seals greatly extend durability. Simply put, these are the most advanced pneumatic tools for extending the life of abrasives and achieving a professional finish on every job.

Features

- Heavy-duty head design
- Larger gear sets, spindle bearings and seal
- Ergonomic safety lever and jacket
- Kevlar reinforced vanes
- CE Certified

Benefits

- Intuitive grip
- Greater wrist comfort
- Increased durability
- Minimal vibration
- Quiet operation

Power

- 0.3 hp
- 0.5 hp

Applications

- Adhesive removal
- Coating removal
- Contour finishing
- Deburring edges
- Defect repair/leveling
- Edge beveling/chamfering
- Paint stripping
- Prepping metal prior to paint
- Radiusing
- Right angle sanding
- Sealant removal

A POWERFUL PAIRING

3M disc sanders and die grinders are built to work with 3M abrasives. Throughout development, Scotch-Brite™ and Cubitron™ II products were paired with these tools to determine the proper horsepower and RPM for different applications. So when you put them to work over and over again, you'll get more consistent finishes in a shorter time frame—all gains that add up to a big impact on your bottomline.
