## THE MAKING OF A MASTERPIECE BEGINS WITH MASKING IT!

American® brand products have long been trusted by professionals for their unsurpassed quality and performance. We do not rely only on our history or reputation, however. Our mission is to build upon this proven performance and exceed the expectations of our customers! That is why we focused on developing a full line of clean removal products that are compatible with a wide range of temperatures, the latest coatings and waterborne or solvent paints so you can optimize performance and minimize cost.

### PREMIUM GRADE

American® brand PG is a high quality masking tape with good quick stick and holding properties. Designed for paint masking that requires clean and easy removal from a variety of hot or cold surfaces. The state-of-the-art performance features make it a premium tape for automotive refinishing applications.

#### PERFORMANCE ADVANTAGES

- Fine crepe paper backing sets the standard, ensuring overall sharp paint lines
- High temperature resistance; UV resistant up to 3 days
- Clean removal; stain and transfer resistant
- Smooth to touch – easy to work with

### MEDIUM GRADE

We heard our customers and we took action. American® brand AM masking tape is better than ever!

#### NEWLY ENHANCED PRODUCT FEATURES INCLUDE:

- Vibrant aqua color
- Consistent, smooth unwind
- Better bonding to itself for improved painting process performance

#### PERFORMANCE ADVANTAGES

- Works with both solvent and waterborne paints
- UV resistant up to 3 days

The rubber-based adhesive provides secure adhesion to painted surfaces, bare metals and plastics, yet removes cleanly without adhesive residue or surface staining.

### MEDIUM GRADE

Capable of withstanding oven temperatures up to 250°F (120°C) for one hour, our new MP is also UV resistant for up to 3 days with clean removal. Moisture and stain resistant, its specially designed adhesive sticks firmly and securely to most surfaces and removes cleanly. Perfect for body shop spray paint applications.

#### PERFORMANCE ADVANTAGES

- Superior wet sandability
- Robust backing gives higher tensile strength and better cornering
- 3-day UV resistance
- A new release coat chemistry that provides for better shingling
- No paint flaking upon demask

### UTILITY GRADE

An economical yet very reliable masking tape to meet the needs of most collision repair and refinish shops. UG offers an excellent balance of quick stick, panel adhesion and holding properties. Under normal temperature conditions, UG is the tape of choice for fast, basic service, including wet-stripping.

#### NEWLY ENHANCED PRODUCT FEATURES INCLUDE:

- UV resistant to 3 days
- Improved wet sanding
- More robust backing for higher tensile strength and better cornering
- Improved release coat technology for better layering

#### PERFORMANCE ADVANTAGES

- Clean, easy removal
