

**Maximum control at
your fingertips.**

HI-VIZ®
Lufkin®
Measure Tough

The first tape ever with fingertip blade control.

The Lufkin Control Series is the first tape to feature a unique new Lufkin design that gives users maximum control when extending and retracting the tape blade. The Drag Strip™ access opening on the bottom of the tape allows users to regulate blade feed and return with their fingertip for greater control, making the tape feel more like an extension of their arm than a hand tool. An integrated tether or wrist strap ring helps prevent drops and injuries. The 10-foot stand-out capacity and extra-wide end hook make this tape perfect for the toughest jobs.

- Drag Strip finger access for measuring and retraction control
- Rigid extra wide blade provides 10' of stand-out
- Wide End Hook holds better and makes marking easier
- Integrated D-ring for tether strap or easy hanging storage
- Durable molded case allows for added control and grip

Four-rivet end hook with triple-ripped steel reinforcement

Merchandised to move!

Attention-grabbing packaging hangs or stands for ultimate versatility. And 25-foot tapes are available in sturdy 4-piece tray packs that are ready-to-sell.
